We do not send monthly bills. You may pay your annual tuition in one lump sum in August and \$100 of your enrollment fee will be applied towards your tuition payment. If you pay semi-annually, \$50 will be applied towards your fall tuition installment. If paying monthly, tuition is due on the 1st day of the month (and is late after the 5th day of the month) August 1 through May 1. As our teachers and staff are on salary, our annual tuition is divided into **ten equal installments**, including holidays, staff development days, and the months when there is not instruction for the full month. Enrollment assumes that your child will be enrolled for the full school year. If a reason arises for your child to withdraw early from a program, please contact the Director in writing. If your child's space cannot be filled immediately from the waiting list, you will still be responsible for the tuition for thirty days. Mid-year enrollments are prorated for tuition only; all other fees apply as listed. Prices are subject to change annually.
